It's been forty years since the 12 colonies of mankind have heard from their progeny, the Cylons - robotic creatures who rose up and declared war on their masters, then disappeared. In a sudden, devastating strike, the Cylons return and lay waste to the colonies. Fleeing the genocide, the warship Galactica leads a rag-tag fleet of survivors on a lonely quest to find humanity's fabled 13th colony - a planet known as Earth.
